

Alain Jacquet is an Associate Professor from the Faculty of Medicine since April 2009. He was a group leader in the Center of Excellence in Vaccine Research and Development (Chula-VRC) before moving recently to the Department of Biochemistry. From 1989 to 2009, he worked at the Universite Libre de Bruxelles (Belgium) as a post-doc researcher in the Department of Molecular Biology. Up to now, Dr. Jacquet has published more than 100 scientific articles in international peer reviewed journals. According to his scientific expertise, he edited a large collection of manuscripts/ master and PhD theses for more than 30 years. Although his academic specialization is focused on fundamental/preclinical research in medical biotechnology, he is competent in editing clinical research papers as well. He has been serving as a peer reviewer for more than 130 manuscripts submitted in 38 different international journals in the field of biotechnology, molecular allergology and immunology. He is also Co-Chief Editor for Asian Pacific Journal of Allergy and Immunology, Associate Editor for Frontiers in Allergy (Section Allergens) and Associate Editor for Asian Biomedicine
