

Alain Jacquet is an Associate Professor at the Faculty of Medicine (Center of Excellence in Vaccine Research and Development), Chulalongkorn University, since April 2009. Previously, from 1989 to 2009, he worked at the Universite Libre de Bruxelles (Belgium) as a researcher, right after he got his PhD degree. Up to now, he produced more than 80 scientific publications in international peer reviewed journals. Given his science background and experience in the laboratory, he edited a large collection of manuscripts/ master and PhD thesis for more than 30 years. Although his academic specialization is focused on fundamental/ preclinical research in biotechnology, his training and experience allowed him to edit clinical research papers as well. He has been serving as a peer reviewer for more than 15 different international journals in the field of biotechnology, molecular and cellular immunology. He is also Co-Chief Editor for Asian Pacific Journal of Allergy and Immunology, Associate Editor for Frontiers in Allergy (Section Allergens) and Associate Editor for Asian Biomedicine.
